Work Experience

@FlickMaps – Graphic Designer

March 2021 – Dec 2021

- My role is to create 2D and 3D layouts of community land projects which gives detailed information about site through visual appearance.
- Worked with their guidelines to deliver consistent and high quality content.
- As a team member handled pressure situation when there is needed and achieved on time.

PROJECTS

PORTFOLIO WEBSITE

I built this website using Next Js, Tailwind CSS and Framer motion. It includes

- Responsive design – Ensuring optimal user experience on a variety of devices and screen sizes.
- Data rendered using Next Link and Next Router which allows for efficient and seamless navigation between pages.

E – COMMERCE WEBSITE

I built this website using Next Js, Tailwind CSS, Next Auth, Paypal, MongoDB. It includes

- Cart feature - MongoDB and Mongoose to save and retrieve data like products, orders etc.
- User can login, can see order history, add items to cart and payment option using payment gateway paypal.
